

# Greenshirts Humbled In Garrison Finish

**By AB. HULSE**

In a game that was marked by a garrison finish, producing three beautiful goals and more speed in overtime than exhibited during the regulation 60 minutes of play, Newmarket Vets defeated Sutton Greenshirts 6-3 in Newmarket last Thursday. The win, coupled with a 4-2 victory at Sutton the next night, put the Vets back in competition.

Minus goalie Frank Carr, Whitey Bone, Bruce Stephens and Shorty Wrightman, the Newmarket boys had difficulty finding their plays, and also suffered from defensive lapses, but in the overtime, they put on a great passing attack and goalie Pete Dillman, who had allowed a soft one to beat him and tie the score, played superb goal to hold the Sutton thrusts at bay.

Sutton took the lead at 10:05 in the first period, Skippy Taylor kicking the rubber past Dillman from close in on a three-play attack with Gilbey and Holborn. Myles McInnis, who turned in his best show of the year, got that one back at 18:00 as Gilbey carried the puck to the blue line, relayed to Stark in the corner, who passed to the uncovered McInnis in front of Smith.

The lone goal of the second period came from the stick of George Stark who was assisted by Bill Johnston and Dick Perry in the play.

Sutton tied it at 7:10 of the third, Fred Taylor taking a rink-wide pass from Ken Davies. Stepek put the Vets ahead at 13:15, batting home Don Smith's pass, Smith allowing the puck to roll in off his pads. The goal drew the ire of the Sutton team and supporters on referee Jack McEachern. Disregarding bench instructions, the Vets played to increase their lead, but were caught flatfooted as Laviolette took the puck away from Perry and drifted in on Dillman. The shot was a soft one, but came so fast Pete wasn't set for it.

The first line was really percolating in the extra period, and the somewhat drab match began to look like high-class hockey as George Stark scored at 1:00 after Perry had set up the play. Bill Johnston, aided and abetted by his two linemates, McInnis and Stark, slapped home two more before the period was over. All three were well earned markers.

For Newmarket, George Stark, McInnis and Johnston stood out for all-round effectiveness, it being hard to separate the trio. Stark was probably the best man on the ice. Dick Perry, back on defence, played a dandy game, and was good both ways. Don Smith and Doug May were both in good form, and Nip MacDonald and Merv Broughton were improved. Dillman, for his first start, did a grade A job except for one goal. He kicked out 40 shots in all.

Leon Smith in the Sutton nets handled a total of 44 shots on goal in his usual capable style. Ellis Pringle was a tower of strength defensively and drew the boos of the crowd for his elbowing and holding which passed unnoticed. George Holborn and the Taylor brothers were dangerous all the way.

Not a single penalty was meted out. The sticky ice was responsible for much of the ragged play in the early part of the game.

Newmarket: goal, Dillman; def., Perry and Gilbey; c., Johnston; wings, Stark and McInnis; alternates, Smith, Broughton, Stepek, MacDonald, Preston, Legge, May.

Sutton: goal, Smith; def., Pringle and Fairbairn; c., Holborn; wings, S. Taylor and Gilbey; alternates, Brady, Laviolette, Mamont, Burrows, Sedore, Dunn, F. Taylor.

Referee, McEachern; linesman, Woods.

# Juniors, Hoffman Victors In Recent Hockey Battles

**By GEO. HASKETT, JR.**

Ring those bells. "Toot toot whistles. At long last, after many a try, a Newmarket junior team has whipped Markham right in their own hand-box. This year's junior entry, coached by Harry "Silver" Thoms and mastered by Jimmy Walker, did the trick on Thursday of last week, the Redmen grabbing off an 8-4 verdict over the Greenshirts. It was a first for the record books. Never before has a Newmarket junior club able to win in Markham.

The Redmen shot into the lead in the first period, Bob "B-A" Walker firing in the initial counter at the three-minute mark as "Motts" Thoms fed him the disc. This knotted the count as Hooker, a minute earlier, had drifted a shot by "Red" Palmater in the Newmarket cage. It was the first time out this season for the "Redhead" and though he fanned this shot, from there in played a bang-up game. Ronnie Eyes netted the second during a scramble late in the session.

The second period activity found Jim Rutledge, "Motts" Thoms and "Lucky" Kemp going down on the score sheet. Petch and Hooker both dumped shots behind "Red" Palmater in the Markham cause.

Ken "Bugs" Broughton increased the Redmen's lead at 6:50 of the third when referee Walsh awarded the locals a penalty shot as one of the Markham rear-guards grabbed the puck in the goal crease. Broughton made no mistake finding the net with his shot from less than ten feet out. "Lucky" Kemp whipped in two quick goals at the half-way mark of the final chapter. Jim Rutledge built up the play on first, the second on a nice solo sortie.

Up until the final session, the game featured wide open hockey with very few penalties. However, penalties came thick and fast in the third which developed into a bruising affair. Nine penalties were handed out, five to Markham and four to the Redmen, Howard Forgie getting a ten-minute rest for misconduct to head the miscreants.

ice emporium. The red and white crew, coached by Father T. J. McCabe, hung up their fifth straight win with a 9-4 verdict over the invaders from Richmond Hill.

Scoring four goals in the first 20 minutes, Hoffman's were always in command of the situation. It was "Fink" Tunstead who started the action on the score sheet after seven minutes with Cliff Gunn assisting. A minute later "Ginger" Groves rapped in the first of his two quickies, "Mutt" Collings drawing an assist on the second. Joe Peat rang up goal number four on a solo excursion.

The Machinery squad continued to bombard the Hill Citadel for another three in the middle chapter. "Ginger" Groves getting his third and Barney Peterman and Bruce Stephens both finding the mark.

It was a lively third stanza. "Mutt" Collings and Cliff Gunn provided the scoring activity, while the "Merk" gang provided the thunder as tempers skyrocketed briefly. Joe Peat and Donalds of the Hill squaring off and earning themselves a five-minute sojourn in the cooler, and "Ginger" Groves getting chased for a ten-minute misconduct stretch.

The Hill crew failed to muster a score until late in the middle session, Bayes breaking through to beat "Mickey" Smith. Bayes was the shining light for the invaders with two goals and an assist. Crewson and Colley checked in with singletons.

# Vets Riddle Flyers To Gain Second Place Via

Newmarket Vets chalked up their third straight win on Tuesday night at Unionville, when they defeated Toronto R.C.A.P. 8-1. The win left Newmarket tied with Sutton for second place in the group standing.

Except for the first period, the Newmarket boys had too much on the ball for the Flyers. Bill Johnston and George Stark headed the scoring parade with two goals apiece. Myles McInnis, Whitey Bone, Shorty MacDonald and Harvey Gilbey netted the other counters. Howard Kelly secured the lone air force goal.

# WM. JOHNSTON HEADS BOY SCOUTS HERE

On Friday evening, Jan. 17, the scout group committee met and appointed Sgt.-Major William Johnston as the new scoutmaster, while B. A. Budd was appointed leader of the cubs. The committee expects that the appointments will give scouting a new lift.

A committee was appointed to work with the Women's Auxiliary for a father and son night to be held on Friday, Feb. 7. Arrangements were also made for Sgt.-Major Johnston and Mr. Budd to attend six scouting instruction meetings at various places in North York, commencing January 27.

It was decided to have a scout salvage collection covering the whole town on Saturday, Feb. 1. Everyone is requested to co-operate.

# HOFFMAN DOWNS HILL FOR FOURTH VICTORY

Johnny Campbell's Hoffman team continued on its winning stride at Richmond Hill last Thursday. The Hoffman sextet won quite handsily over Richmond Hill 7-3 in a mercantile league fixture. It was victory number four for the locals and put them well out in front in the group standing. It was the opening game for the Hill crew in the "Merk" league and the set-back spoiled what was otherwise a perfect opener.

The red and white sweatered Hoffman squad walked into a two-goal lead in the opening period on tallies by "Mutt" Collings, Joe Peat, Herbie Simpson and Bruce Stevens. Bayes and Conley replied in favor of the Hillers.

Joe Magani and "Fink" Tunstead winked the red light in the second, while Cline bagged a singleton for the Hill.

"Fink" Tunstead zoomed in for his second goal of the night at the 6:30 mark of the third to wind up the scoring shenanigans.

# Forum Here Approves Canadian Radio System

The Newmarket Citizens' Forum met on Monday at the home of Capt. and Mrs. G. A. Crutcher. The subject under discussion was "How Canadian radio could better serve the public interest."

In answer to the question, "Are you satisfied with the kind of radio programs you hear?" If not, what are your chief criticisms or suggestions?" the Newmarket forum replied that the present radio programs are not entirely satisfactory for a number of reasons: There is too much advertising, some of it objectionable; programs lack sufficient variety; certain types of programs are permitted to monopolize the networks and practically all of the private stations at the same time; not sufficient educational programs are provided; presentation of news over privately-owned stations is too often "colored"; there is a decided lack of well balanced children's programs.

The second question posed a choice from among three systems, the American, the British or the Canadian. It was unanimously decided that the Canadian system is preferable, provided that the C.B.C. facilities are extended to permit greater variety and coverage.

The Newmarket Citizens' Forum will next meet on Monday, Feb. 3, at 8 p.m. If available, the place of meeting will be the Newmarket high school. If not available the gathering will be held at No. 9, Prospect St., (Immediately opposite high school). All citizens are invited to attend. G. A. Crutcher, phone 678, can give information on forum activities. The subject for Feb. 3 is "What are the movies doing to us?"

# Better Care Of Milk Bottles Urged At B. Of H. Meeting

At a regular meeting of the Newmarket board of health, Miss Helen B. Gardner, public health nurse, presented her monthly report. It showed that she had made 21 visits to the schools during the month, had given first aid six times, had excluded children from schools on eight occasions, had made five special physical examinations, given five vision tests, found five children with new defects and five with corrected defects, and had nine conferences with teachers.

Two immunization clinics were held during the month, at which a total of 61 children were treated. Four child health conferences were held, at which 41 children were in attendance. Miss Gardner made a total of 110 home and office visits. She referred three children to the Children's Aid Society. In her report she expressed her appreciation to the Newmarket Lions Club for providing cod liver oil for children where the need was indicated.

She said that there were eight town resident cases of chicken pox during the month, four of whomoping cough and one of mumps.

In a discussion of milk supply, Dr. L. W. Dales, medical officer, said that apparently people were not aware that there was a definite by-law prohibiting the use of milk bottles for any purpose other than for carrying milk. He said that milk bottles should be washed immediately after they are emptied and returned to the dairies as soon as possible.

Mrs. Ann Bell commented on the large number of chipped bottles in every-day use by the dairies. "There is no excuse for that sort of thing," Dr. Dales said. "We will have to take steps to see that the milk bottles are not misused by the consumers or the dairies."

Mrs. Bell said that a high bacteria count could be caused in part by improper washing by the consumer. "The bottles should be washed with cold water immediately after they are emptied and then washed with hot water," she said.

Dr. Dales urged the town council to make the appointment of sanitary inspector as soon as possible in accordance with the law.

# MOOT JOINT ACTION FOR INCINERATOR

A letter from the town clerk of Richmond Hill was read at the meeting of the Newmarket town council on Monday night in which it was suggested that a delegation from the councils of Newmarket, Aurora and Richmond Hill hold a meeting to discuss the possibilities of a joint incinerator. The letter was referred to Clerk Wesley Brooks to obtain more information.

A letter was also received from the Newmarket Community Recreation Council saying that the recreation council would look favorably on a decision by the council to hold a vote on the question of artificial ice for the arena.

A letter was read from Robert Humphrey asking that he be granted a license to operate two taxis in town. The letter was referred to Chief Constable Ronald Watt.

# Council Outlines Plan For Municipal Work

At the meeting of the Newmarket town council on Monday night, the chairman of the committees were called upon to give some idea of the tentative plans of the committees.

Reeve A. D. Evans, chairman of the water committee, said that there were still some 540 water meters in the town that were not in working condition, out of a total of about 1,150. He said that during the war there had been a considerable shortage of the materials for the meters, but that now the supply was increasing. It was pointed out that the meters were the only way of judging how adequate the water supply of the town was, and how much water was being used from each pumping station.

It was pointed out further that as long as these meters were not in working condition the town was losing money, because there was no way in which the bill of the individual consumer could be accurately compiled.

R. C. Morrison, chairman of the fire and police committee, reported that his committee had met and had drawn up a list of recommendations. The committee recommended that the east side of Main St. be made a prohibited parking area, and the west side a 30-minute area from Water St. to Queen St.; that another policeman be appointed to the force to aid in the enforcement of the proposed new parking by-law; that the town purchase a police cruiser with siren and spotlight; that the recruits be trained in a regular police training school and provided with instruction in the St. John's Ambulance Corps; and that Chief Ronald Watt be authorized to place no-parking signs in places where parking was known to constitute a hazard.

Mrs. Caroline Edwards, chairman of the property, health, welfare and recreation committee, said that the property committee had inspected all of the public buildings in town, and had several recommendations to make. She said that steps should be taken to clean up the town hall, and make several necessary repairs to it to eliminate fire hazards.

Her committee recommended that a door be placed at the top and back of the Newmarket arena to facilitate a speedier exit in case of emergency, and that the town hire a mechanic to keep the rink and the town hall in a good state of repair. Mrs. Edwards offered to present the annual report of the Newmarket Community Recreation Council, along with its financial statement. Mayor Joseph Vale deferred discussion of the report until such time as the estimates of the recreation council for the coming year could be presented with it.

Frank Bowser, chairman of the roads and bridges committee, said that no work program had been worked out for this year. He said that 5,500 yards of earth had been put into Widdifield Park, but that at present weather conditions had forced a temporary stoppage of the work in that section.

George M. Byers, chairman of the industrial committee, said that the committee had not met, but that he expected to be able to give a report on the costs of municipal garbage collection at the next council meeting.

# Better Care Of Milk Bottles Urged At B. Of H. Meeting

At a regular meeting of the Newmarket board of health, Miss Helen B. Gardner, public health nurse, presented her monthly report. It showed that she had made 21 visits to the schools during the month, had given first aid six times, had excluded children from schools on eight occasions, had made five special physical examinations, given five vision tests, found five children with new defects and five with corrected defects, and had nine conferences with teachers.

Mrs. Bell said that a high bacteria count could be caused in part by improper washing by the consumer. "The bottles should be washed with cold water immediately after they are emptied and then washed with hot water," she said.

Dr. Dales urged the town council to make the appointment of sanitary inspector as soon as possible in accordance with the law.

# Funeral Services Held For George S. Hammett

Funeral services were held Jan. 7 for George Sanders Hammett, Mount Albert, who died suddenly at Huntsville Jan. 4. A private service was held at his home, followed by a public service at Hartman United church, of which he was an elder. Rev. W. H. Burgess conducted the services. Interment was in Mount Albert cemetery.

Born in Holt, the son of the late James Hammett and Emma Jagger, on Aug. 4, 1870, he married Elizabeth Hogg in 1900. A miller by trade, he sought all ways for perfection in his products. At the time of his death, he was president of Mount Albert Telephone Co.

Surviving, besides his widow, is one son, James, four daughters, Gertrude (Mrs. R. Murphy), Olive (Mrs. W. Stokes), Verna (Mrs. J. M. Philip), Toronto, and Muriel (Mrs. Don. Gilkes), Newmarket.

Pallbearers were W. J. Oldham, Grant Oldham, Byron Stiver, David Shillinglaw, Bev. Sinclair and H. W. Pearson. Honorary pallbearers were R. F. Cunningham, Alan Hopkins, Carl Moorhead, Amos Smith, Garnet Park, Clarkson Graham, Russell Graham, Daniel Hill, H. W. Theaker, Gordon Graham, Inglewood.

# Sunday Hockey Practices Questioned In Council

"It has been brought to my attention that hockey teams are being allowed to hold practices in the arena on Sunday," said Councillor Frank Bowser at the meeting of the Newmarket town council on Monday night. "If that is true, why does the recreation council not allow public skating also?"

"I can verify the fact that there is a definite traffic into and from the arena on Sunday," Councillor H. J. Luck said. "Perhaps Mrs. Edwards, chairman of the property committee, can tell us what the policy of the recreation council is on such matters."

"I did not know that hockey practices were being allowed on Sunday until yesterday morning," Mrs. Edwards replied. "It has been our policy not to sponsor any activities on Sunday because of the objections of the ministerial association. I spoke to Mickey Smith, arena manager, about this yesterday and he told me that practices were being allowed on Sunday because there was no other time free for such practices."

"We can do nothing about it here at the present time anyway," Mayor Jos. Vale said. "We have no control over the arena and its policies here."

"I was pleasantly surprised when my daughter went down to Aurora to skate Sunday," Deputy-Reeve J. L. Spilllette said. "I personally do not see any harm in it, but maybe I am too broad-minded."

"We should try to ascertain from the recreation council what its policy is and what it is going to do," Mayor Vale said.

"If we do allow skating we should not let it interfere with any church service," Councillor Tom Birrell said.

"The recreation council is holding its annual election one week from tomorrow and it is possible that the executive will be completely changed then. I suggest we defer any further discussions until the 1947 executive is elected," Councillor Luck said.

# 241-50 Vote For Local 20 As Agent For Specialty

On Thursday the workers at the Office Specialty Mfg. Co. voted overwhelmingly to allow the Local 20, National Union of Furniture Workers C.C.L., to act as bargaining agent in future negotiations with the company. The official count was 241 ballots cast in favor of the union, 50 against. A. M. Brunsell was the returning officer. Jack Stephenson acted as scrutineer for the company, while James Raymond acted for the union.

H. Erstad, national secretary-treasurer of the union, assisted at the counting of the ballots, as did Alex. Spear, secretary of the company, and Lorne Paynter, president of local 20 of the union.

"The result of the ballot can leave no doubt about the feeling of the employees concerning the union. We hope that in the strength of the ballot the company will favor us with an agreement. The confidence that we had in the employees of the Office Specialty has been vindicated by the ballot," Mr. Erstad said.

# THREE DOTS' FOUND AMUSING MYSTERY

**By GOLDEN GLOW**

I have just come home from the town hall where the Newmarket Dramatic club presented its monthly play, Three Dots and a Dash, and as a good many read their paper Thursday as soon as it is printed, I am going to write a little article of appreciation before I go off to bed.

Three Dots and a Dash is a mystery thriller in three acts. The curtains raise in the first act to the strains of the wedding march. Up the centre aisle came the bridal procession, solemnly pacing, as they do nowadays, with a sort of hesitation step to keep time to the music. The little flower girl was exquisite - you simply wanted to hug her as she made her way up the steps and across the stage, followed by the bride and the two bridesmaids. But what happened to

# Midgets Down Bigger, Heavier, Beeton Team

**By FRED A. HALL**

On Friday, Jan. 18, the Newmarket Legionnaires midget hockey team, reinforced by Jim Rutledge and Bill Kirbyson, journeyed to Beeton for an exhibition game with the Beeton juvenile club. The game was played in a well-lighted open-air rink on a sheet of fast ice.

The Beeton players were on the average two years older and about 25 pounds heavier than the Newmarket boys. They appeared to be fast and there seemed little hope for a close game.

"The game had not progressed far, however, before our hopefuls showed the crowd what teamwork, forward passes and a determination to win can do. Thoms and Gibson teamed up to land the first one into the net for Newmarket. The game was fast and clean and was outstanding in respect to back-checking by our forwards, our stone-wall defence and the brilliant work of Andrews in the Newmarket net.

The final score was 6 to 1 for Newmarket with Kirbyson, Couch, Thoms, Gibson and Duncan all picking up points. Every member of the team did his share, however.

Newmarket line-up: forwards, Couch, Bunn, Rutledge, Thoms, Gibson, Duncan, Kirbyson; def., Firth, Wilkins, Zogalo.

# VESTRY MEETING JAN. 27

The annual vestry meeting of St. Paul's Anglican church will be held in the parish hall on Monday, Jan. 27, at 8:15 p.m., when the financial statement of the church wardens will be presented for the approval of the vestry; the estimates for the ensuing year tabled; the audited reports of all organizations, operating by the authority of the parochial church, presented, and the election and appointment of representatives to the church executive will take place. The rector and wardens hope for a full attendance of the members of St. Paul's next Monday evening.

## PRÉSERVING OLD DOCUMENTS

The discovery of an old copy of The Newmarket Era under the flooring of a Newmarket home is a reminder of the number of historic documents relating to the history of Newmarket and district which are hidden away behind wall paper, in forgotten closets and at the bottom of trunks in the attic. Unfortunately, when such papers are found, they are too often disposed of as trash by people who do not realize their value.

Newmarket has had a colorful history but it is little appreciated. Old buildings linked to Newmarket's early growth are torn down to make way for new building developments. Old landmarks are allowed to become so neglected that they are little different from the original thickets from which they were cleared. It is doubly unfortunate that this attitude should persist for in its wealth of historical interest, Newmarket possesses a considerable tourist attraction.

In recent weeks, there have been brought to the office of The Era and Express a variety of documents which have been uncovered in the most unlikely spots. In some instances, where they were of general interest, we have printed a news report about them. It is to be regretted however, that there is no facility in Newmarket for the storage of such documents where they could be properly studied by authorities, and where there would be some assurance of the safe maintenance.

Newmarket is sadly in need of a new library building. Why couldn't provision for the storage of historical documents and library facilities be combined to provide Newmarket with a memorial of which it could be proud.

## MAKING HIGHEST COURT CANADIAN

The Privy Council in London, England, has ruled that the Parliament of Canada has the right to make the Supreme Court of Canada the nation's highest court. The decision has become the cause of much sentimental concern for those who see another tie between Canada and the Old Country being severed.

It is likewise the cause of much rejoicing by those celebrating Canada's growth towards complete nationhood. The Privy Council decision is set down by them as underlining the new Canadian Citizenship Act. The Financial Post enters the pro and con of the discussion on a different note. The Privy Council decision is well and good, says the Post, but it is a bit out of season.

The Post continues: "In a federal state, inevitably, our final court will frequently be called upon to adjudicate conflicts between dominion and provinces. Not by any means are the provinces unanimous in their enthusiasm for vesting final authority in our Supreme Court. It seems to us that the present inflated state of dominion-provincial relations would make now a singularly inappropriate time for effecting any change that might add to the inflammation."

The fact that the Supreme Court will be called upon to adjudicate conflicts between provinces and dominion is all the more reason for making the Supreme Court the highest authority in the land. The conflicts between province and dominion are not likely to become any the less easy as the years wear on. The battle of provincial rights vs. federal rights will be a lasting one. The sooner there is a Canadian court to rule on such conflicts, the sooner there will be the development of a Canadian understanding of the respective roles of province and dominion.

And in the adjudication of such conflicts, the Supreme Court of Canada has the opportunity to develop into its full stature from its present role of a subordinate to the Privy Council.

## RETURN TO TRADE BARRIERS?

The Canadian Statesman, Bowmanville, has some timely words on the subject of the impending trade talks between Canada and other nations. At these trade talks, decisions will be made which will affect employment and world trade for many years, says the Statesman. "These meetings will be held thousands of miles away from Canada in an atmosphere heavy with the clash of gigantic interests. In such an environment, it is possible that matters of prime importance to many small towns and villages in Canada may be overlooked."

## MUSIC IS FOR ALL

"Music hath power to soothe the savage breast", is a saying that from constant repetition has grown trite, but it hides a germ of truth. Perhaps I should have said a prism, for music has, within itself, all glorious and colorful emotions and it can arouse or calm them at will. Its soothing quality is only one of its many-sided whole.

You can think to music, sing to music, play to music, dance, and above all, pray to music.

There are passages from oratorio, there are grand hymns and even some passages from grand opera that lift the soul as near to heaven as we can ever hope to come during our somewhat fettered life.

Set a group of children to play games to music. Then try the same games without music and watch the difference. With the music, they almost unconsciously adopt themselves to the rhythm and their motions become just as unconsciously graceful and rhythmic. Without the music the same game lacks cohesion and rhythm.

Watch soldiers, weary with marching, going stolidly along and keeping step in a bored, mechanical way; then watch the same men when the band begins to play. Heads come up, each foot falls with a more decisive thump and one can sense the bodies and minds adjusting themselves to the rhythm of a good march.

Mothers tell me, too, that good music on the radio has a marvelous effect even on babies. The effect on little children I have seen for myself. One night we had orchestra practice in our home and two little lads were there—really little, and like all little lads, lively. When we

started to play, the children were more like little statues than boys—they just listened and enjoyed, yes, enjoyed—else they would have demanded attention. And here, too, I've seen little girls start quaint little dances of their own when the music began. I suppose all of us are endowed with a certain amount of patriotism, even if some times it's a bit inarticulate. But let a band play a song of our own land and it arouses a feeling for the homeland that is unlike any other feeling—a mixture of pride, protectiveness, love and a desire to serve. It's the same feeling but with reverence and adoration added which makes us thrill to Onward Christian Soldiers and A Safe Stronghold Our God is Still, and all the wonderful heritage of sacred music that is ours from our fathers.

So it seems to me that fostering the love of good music in its citizens is one of the ways in which we can serve Canada, or even the whole world, for music, more than any other factor, is a universal solvent. We can feel akin to the person who sings Abide With Me, no matter what his color, race or language. Maybe we feel, with Kipling's Colonel's Lady and Judy O'Grady, that we are "sisters under the skin".

It can often reach where mere words fail. And for entertainment in the home and a way of holding families together, can you think of a better way? Good music, like good books and good pictures, never grows old. Songs of the day last for a day and disappear into the place of forgotten things but real songs gain from every repetition and live on to add to the sum of human happiness. So let us love it, use it and propagate it.

## TO THE EDITOR

The Editor: I wish at this time to express my sincere thanks to the workers of the Office Specialty Co. for the loyal support they gave their union, local 20, on January 16. The vote gave us an overwhelming majority that no doubt must show that the workers of today are rethinking and looking to the future.

The working classes in the past have had little voice in their welfare and such conditions should definitely not exist. We feel that the working man or woman must have the right to bargain collectively, as free Canadians and in order to obtain this right they must be organized. We, as working people, wish the management to know that we do not wish to force them into bankruptcy, but we do maintain the right to bargain for our rights, which, as we, the workers, see it, is the right to a decent wage, reasonable hours of work so that we may obtain a good living, a comfortable home and an education for our children, so that they may in the future grow up to be respectable citizens of this country of ours with a brighter outlook on life and hope for the future.

We do not wish to go back to the hungry '30's and if big business and management would meet the working man half-way and discuss their problems together, we could eliminate all work stoppages and strikes. As workers, we do not wish strikes at any time, but rather it is our desire to meet man to man and talk business and this Canada of ours will be a much better and happier place in which to live.

Lorne Paynter, President, Local No. 20.

The editor: You will likely never know of the thanks of many of the readers of the editorial columns of The Era and Express for the reprint of the Midland Free Press Herald under the heading, What Others Think, in the issue of Jan. 9.

That editorial stated with reference to Premier George Drew's new liquor legislation that "only protests heard are those from temperance people," and later on, "if Premier Drew had had the courage to wipe out the women's beverage rooms, he would have pleased multitudes of others besides temperance people." The editorial continues "They (the women's beverage rooms) are a constant menace to the drink trade."

It might be surprising how many besides "temperance people" would add all alcohol is a menace to every trade except to those who consider only the money obtained from it. But we ask, what is money worth at the end of life? And what are the momentary and illusory satisfactions which alcoholic beverages supply really worth to the imbiber in the long run?

Therefore, let us now turn to the subject of training youth to seek to know the real values and to practice a way of life which will develop more lasting satisfaction. One of the ways now open to them is to thoroughly study the subject, alcohol, its varieties, its characteristics and the possibilities in each.

This brings me to the second object of this letter. After commending the editor for bringing to our attention one of the issues

THE MUSICIANS' CORNER

VIEW OF THE INCREASE in practical interest which is being taken in vocal music in our schools by citizens and school boards in general, a few timely observations would seem to be in order.

The vast majority of children enjoy singing, and it comes to them easily. While their individual voices are as varied as their faces and personalities, their conceptions of good tone and good pitch are almost completely reliable. They feel subconsciously impelled to blend their voices correctly in unison singing. They succeed so often in this essential detail, that they could not possibly explain how they do it. They are completely unaware of any deliberate effort. To them, the singing of the song is the thing, and they enjoy making music together with their own voices.

What about the so-called monotones (and, thank the Lord, their number is very small)? The fact that they persist at all in trying to sing is certain proof that they should receive every encouragement from their teachers. Some of them may need patient individual assistance before the light will dawn, but most of their difficulties can be cleared up in class singing. Give them time, and plenty of practice.

Just a word about the boy with the changing voice. He should be urged to hang on to his young man's voice as long as possible without any forcing or vocal effort. When the break finally does come, a year or eighteen months should find him in the bathroom making successful flights with his new vocal apparatus.

of the day, I wish to draw attention to announcements that the North York County Temperance convention is to be held in the United Church at Stouffville on Feb. 7, and the Ontario Temperance convention in Carlton Street United Church in Toronto on Feb. 12 and 13. The problems created by drinking and how to solve these problems is the central theme of these conventions.

One line of preliminary preparation for these meetings is the plan for youth to make a special study of alcohol to present at an oratorical contest as part of the conventions' program. The county and the provincial temperance committees on youth and education have given much study to this plan. Each year, weeks before the conventions, in territories organized for temperance work, rules and application blanks for the oratorical contests are circulated to Sunday-schools and other school rooms. Every effort is made to encourage the pupils to enter these contests. If there is more than one entry from each municipality, a preliminary contest should be held with the winner proceeding to the county contest. As soon as the municipal representatives are known, Rev. H. E. Willwood, Richmond Hill, county secretary, should be informed.

Yours truly,  
Elma M. Starr,  
convener of the committee for Temperance education for youth in North York.

Make-Believe Is Fun

Laura Nello is five years old and holds the position of an only child because her brothers and sisters are 15 to 20 years older. She has always lived with adults in a small rural community, void of children her own age. Laura Nello has so seldom been in the company of children that she doesn't know how to play with them.

A few months ago Laura Nello went to a family reunion. At this large gathering, she met several little cousins about her own age. Laura Nello was interested in the games the children were playing, but she didn't know how to enter into their fun. It was almost pitiful to watch her literally clinging to adults, while she cast whimsical glances in the direction of the children.

After a time, Laura Nello ventured close to one little girl, who was busy attending her doll. In her very quaint way, Laura Nello introduced herself: "My name is Laura Nello Arden and I live in Parke county—123 miles south of here. What is your name? Where do you live?"

The preoccupied Betty ignored the introduction and the questions, but she smiled in Laura Nello's direction and began what proved to be a rather lengthy discourse regarding her favorite subject—dolls. "Patty-Lou has been so good I brought her to the party. Didn't you bring any of your children? I wanted to bring all of mine, but they weren't as good as Patty-Lou. Ronny tore his best suit. Rosalie lost a slipper, and Patsy is sick with measles. Don is going to tell Patsy some stories today. Dora is going to sew Ronny's suit and look for Rosalie's slipper."

Laura Nello listened intently to Betty's family problems for a long time. She was very impressed with Betty's make-believe world and talked to her mother about wanting some 'children dolls' and 'playmate dolls' of her own. Betty's mother explained that Betty's 'children dolls' were store dolls, but the 'playmate dolls' were made by stuffing Betty's outgrown clothes and adding stuffed heads, arms, and legs.

Laura Nello's mother hadn't considered teaching her daughter how to play with dolls and really thought Laura Nello was too practical a child to care for make-believe stories. However, Laura Nello's brief introduction to the child's world of make-believe opened a door to the realm of childhood that will help her adjust herself among children her own age despite the fact that her actual contacts with them are infrequent.

# Dan Bovair Reports On Boys' Parliament Session

Dan Bovair, Newmarket, represented the constituency of North York at the meeting of the 26th Older Boys' Parliament at the University of Western Ontario, London, from December 26 to December 31. The following is his report of what took place there.—Editor.

By DAN BOVAIR

As the representative of the constituency of North York at the 26th Older Boys' Parliament, and on behalf of the Trail Ranger member, Keith Walton, I consider it a duty and a privilege to report some of the current happenings that were witnessed there.

The Boys' Parliament is an annual affair, held under the auspices of the Ontario Boys' Work Board, to study the responsibility of church boys' work and needs in specific constituency. It was held this year at Western University, London, Ont. About 95 boys were in attendance, representing districts from all over Ontario. A great many people have drawn the conclusion that Boys' Parliament is a waste of time, effort and money, but if these bystanders could witness the proceedings at parliament they would be greatly impressed by the work it is doing.

I shall now endeavor to tell you what we did in London. Arriving on the morning of December 26, we were greeted by a welcoming committee which took us immediately to Western University. Here we registered and after purchasing our meal tickets sat down to a welcomed dinner. That afternoon we had our first caucus, which was presided over by Arnold Foster. From the various addresses that were given we obtained a general view of just what parliament was about. Shortly after the caucus, the oath of allegiance ceremony took place, during which the 95 members of parliament pledged themselves to the standards of the Christian faith. After a hasty supper we visited our billets and hurried back to the university to participate in the formal opening, which was followed by a social hour.

Friday and Saturday, Dec. 27 and 28, were similar. The morning program consisted of worship groups, party politics, conferences and leadership training. After luncheon we plunged into the roll of being a government, which meant disputing and passing the various bills and acts, such as the finance bill, the boys' work project and the Parliament Act. During these two days, four such legislative sessions took place and in one of these it was my good fortune to be appointed chairman of the opposition com-

mittee. The days' work was concluded by group fellowship periods.

Sunday was more or less our day off. After breakfast we went on a tour of the city, viewing the various manufacturing firms and other points of interest. This tour was followed by a church service, after which we were billeted out to visit various Sunday-schools throughout the city.

Following Sunday came a laborious day which consisted of a dreaded event in the form of an examination. This examination dwelt upon the fundamentals of leadership and those who passed it are qualified leaders for future camps and boys' groups. After this, a change for the better took place and we were conducted on a tour of the university which we found educational and interesting. Monday also consisted of passing final legislation, nominations regarding the future parliament leaders and meetings discussing finance and boys' work.

On the final morning after the formal closing ceremony, the boys began to realize just what this experience meant to them and were greatly inspired by the commendable spirit shown by the leaders in the persons of Wilbur Howard, Lloyd Perry, Doug Lapp and Gordon Dollar.

Tired but happy the boys retired from parliament carrying a torch of light and experience with them to their respective communities and with the thoughts of the 26th parliament in their hearts.

The inaugural meeting of the 1947 council was held in Sharon hall on Monday, Jan. 6. The council was sworn into office by the clerk. Short speeches followed, each councillor expressing his intentions for the ensuing year.

The meeting adjourned at 12 noon and was followed by the first business meeting of the New Year.

The council requested the city of Toronto to remove from this municipality those who are relief recipients of Toronto and to pay all expenses for the delivery of supplies in the past. The insurance on the truck was renewed with Lloyd's of London, through Welly Stevens, agent. The tender for supplying stationery was given to Olive Teasdale at \$36 for the year.

The council decided to pay all permanent road employees every two weeks. It approved the Dawson Dyke plan in the village of Mount Albert and a recommendation was sent to the department of planning and development.

Due to a change in the statutes, the treasurer only is authorized to sign cheques.

The regular council meetings are to be held the first Saturday of each month at 10 a.m.

## THE BANK OF TORONTO

### Nation in Strong Position To Meet Events Ahead

The nations of the world are now engaged in their greatest co-operative effort—an attempt to make effective the United Nations Organization. They all realize that through the mere mechanics of life, through the advance of science far beyond our capacity to control, there is no longer such a thing as isolation. The world has become one community of which every nation is a part.

**Commerce and Finance Among the Nations**

Canada, by reason of her outstanding natural resources, is not suited to a world of economic nationalism. From our point of view our trading in world markets should be on as broad a scale as possible. Our best trading assets are the products of agriculture, our forests and our mines and, provided international conditions are satisfactory, these, along with our other productive powers, are adequate to maintain Canadian prosperity. It is essential that we preserve and ever strive to improve our efficiency of production and keep our costs at a level which will enable us to sell our surplus goods in competition with other nations.

**Export Problems**

We have been proud of our Canadian economy in the war period, but once again we have to test its power in the export field, in competition with the goods of many nations, and possibly without some of the special advantages we have enjoyed in the past.

**Wartime Restrictions Passing**

It was inevitable that the severe restrictions of wartime, which in their course brought serious inequalities, should be followed by a period of disturbance. During the past year, while some industries made remarkable strides, others, as the result of strikes and price restraints, were not so fortunate. Wages and salaries are now released from Canadian government control and while this may accentuate the labour difficulty for a time, it brings closer the ultimate restoration of normal balance. Vital as controls have been to wartime production, they sit uneasily on normal peacetime economy, not only retarding recovery but even encouraging the evils of black markets and inflation. When controls can finally be dispensed with, the remaining adjustments will be in sight.

**Capital Labour and Management**

I would like to emphasize the utility of any agency of production, whether it be labour, capital or management, deliberately attempting to establish itself permanently in any position of superiority. Superficially, it might appear that certain aggressive labour unions have done this at the moment, but already the fatal reaction—loss of volume of production and employment—is developing. The best way to raise wages is to raise productivity.

There can be no possible substitute for hard work and the fact that many industrialists complain of their efficiency per worker being considerably lower than it was in 1938-39, is a situation that must be remedied if we are to have continued prosperity. It is an inevitable economic law that when prices advance to a certain point, the buying power of the average person becomes greatly lessened and essentially the demand shrinks rapidly, thereby creating unemployment with its consequent evils. It cannot therefore be too strongly stressed that our labour leaders as well as management, should press this fact with a view to doing everything humanly possible to attain 100% per worker efficiency.

**Un-Canadian Activity**

During the past year Canadians have read evidence given in their own courts of law which has tended to prove that much of the disruption in labour, economic, social and educational circles has been injected there deliberately by agents and paid propaganda from outside Canada. More people than ever before see clearly that there are forces at work which would destroy our system and replace it with a kind of state monopoly directed from the top. A greater number of our thinking people, business leaders and others must take steps to combat the systematic drive of socialist and communistic ideas which can succeed only in an atmosphere of public apathy. Business must do more than sell its products and services. It must sell itself.

**Pioneer Days Not Over**

As at no other time in our history Canadians are realizing the place they occupy in the world scheme. Our five million men and women workers have put Canada among the first half dozen nations of the earth—outclassing older

## BANK OF TORONTO'S POSITION STRONGEST IN HISTORY

B. S. Vanstone declares faith in our way of life, stresses confidence in future—

**Profits**

Our earnings after contributions to Staff Pension Fund and after providing \$772,082 for Dominion Government taxes, of which \$1,972 is refundable (full provision for bad and doubtful debts having been made), were \$1,307,038. Depreciation on Bank Premises and Equipment allowed by the Government was \$112,577, leaving net profits of \$1,194,461, an increase of \$259,321 compared with those of the previous year.

Dividends at the rate of \$1.20 per share, an increase of 20c per share, totalling \$720,000, were paid, the balance of \$474,458 being added to Profit and Loss Account. The sum of \$2,000,000 was transferred to Reserve Fund, which now totals \$14,000,000, there remaining in Profit and Loss Account \$298,205.

**Total Assets**

Total Assets are the highest in the history of the Bank, having increased over \$11,000,000 to \$367,000,000. These are more than twice what they were five years ago.

**Current Loans and Discounts**

A year ago we expressed the hope that there would be a greater demand for loans for commercial purposes and it is gratifying to report an increase of 28% in current loans. These now total over \$1,000,000, an increase of \$17,900,000, and as a year ago we were financing buyers of the last War Loan, the showing is all the more satisfactory.

I am glad to repeat last year's comment that we are anxious and always ready to assist small businesses as we are very conscious of their importance in the development of our country.

**Deposits**

Our Deposits from the public are now in excess of \$500,000,000. Interest-bearing deposits increased \$30,000,000, or over 21%, to reach an all-time peak of \$209,000,000. Those not bearing interest, \$94,000,000, increased \$870,000.

There is a decrease of \$29,000,000 in Dominion Government deposits. In 1945 the Ninth Victory Loan preceded the closing of the Bank's books, resulting in the Government balance being unusually high.

**Branches**

Ten branches have been established during the year and we contemplate opening at a number of other points as soon as premises are available.

**Staff**

In these days, when so much is said regarding security for the employee, it may not be amiss for me to point out that Canadian Banks have been in the forefront in this respect.

Our Bank provides continuous employment through bad as well as good times; liberal pensions for male staff with benefits after death to their families; retiring allowances to women and other employees; Group Insurance continuing after superannuation; Group Hospitalization, covering dependents also; sick leave with pay, and liberal financial assistance at low interest rates for purchase of homes or for other special requirements. Men and women, regardless of how conscientious or faithful they may be, cannot develop their full capacity or worth if over them hangs the fear of insecurity or actual discomfort for themselves and families.

**Confidence in Future**

The year ahead will not be without its problems. After a devastating war and world upheaval, normalcy cannot come overnight and we have been left with a legacy of debt, taxation, regulation, inflation and other burdens. However, despite temporary setbacks, we have made progress this past year and I look for it to continue. Possibly some recession will develop but in the long run its effect may be corrective and even helpful. Canada is a favored country and our faith in its future is in great part our faith in the Canadian way of life. Despite its faults and inequalities, the way we live and work has brought a high standard of life to our citizens, better than would have any other system and, in addition,—despite the hard words of some critics—I think we are making faster progress toward the elimination of faults and inequalities than elsewhere.

In the years ahead our Country cannot help but grow in world importance and the Canadian Banks, whose responsibility it is to serve the ever-expanding needs of business, I know, do their part. For ourselves, the problems of our customers are our problems and as always we are ready and willing to aid in their solution. Never in the long history of the Bank has it been in a stronger position to face the future than it is today.

**Plan Lives Too Close To Ourselves—Rev. Lake**

The Women's Missionary Society of the Free Methodist church held its regular meeting Tuesday evening, Jan. 7. Rev. L. J. Lake of the Gospel Tabernacle brought the missionary message. He based his remarks on, "Thou shalt love the Lord thy God with all thy heart and with all thy soul and with all thy strength and with all thy mind, and thy neighbor as thyself."

The question of what is a neighbor and our responsibility to him was dealt with efficiently. Just inviting one to church is not meeting the need required by God, Rev. Lake said. We live, work and plan our lives too close to ourselves, he said. He then quoted from the Bible, "Ye are not your own but have been bought for a price, the precious blood of Jesus."

Rev. Lake suggested we get up by God and look down as God does. Millions have never heard the Gospel message of Christ and His love to save. We are commissioned as Christ's followers to tell others of Him wherever the need is, Mr. Lake said.

In conclusion he asked the church and especially the young people to pray and to go and tell those who have not heard the Gospel message.

## DOWN THE CENTRE

By AD. HULSE

Big battle of the district O.H.A. junior series comes up at Aurora tonight with Victoria Square, the current league leaders, coached by the popular Ike Harper of Markham-Ballantrae fame, clashing with the Babcock-Holloway-Simmons youngsters who have yet to bite the dust in their first season in O.H.A. company. A big house should be on hand to view the contest and the Stouffville (pardon, we meant Victoria Square) team will not lack for support. The odds should be on the more experienced Square team but after that stirring battle in Bradford on Friday, when the Aurora kids took the highly touted Bradford youngsters apart, it wouldn't be wise to sell them too short.

At Newmarket, the up-and-coming Vets, fresh from two triumphs over Sutton Greenshirts, will meet the Todmorden Canadian Legion team. The Todmorden team is rated as intermediate A, but so far has failed to show it. You can never tell just what players they will toss over the boards, though, since the A rating allows them the pick of the Toronto mercantile circuits. So far as we have been able to learn, players now with the Legionnaires include Bunny Glover, ex-Montreal Royals and Aurora R.C.O.C. player, Whitney Callanan, Bert Baker, ex-Navy juniors, George Brown, Army Daggers, and many other well known puck-chasers. We can't vouch for all this, since apparently the Legion boys have been having a hard time getting all their players on hand. Especially so with their home ice being at Uxbridge and little or no support. Suffice to say the Todmorden team is improving and coach Larry Molyneux hopes to have his injured squad of Frank Carr (blood poisoning), Bruce Stephens (torn shoulder ligaments), Whitney Bone (charley horse), and Shorty Wrightman back in action. The absence of that quartet is a hard hurdle to get over.

The Sutton series recalls the fact that the Hoffman Machinery team, of the mercantile circuit, defeated Sutton 9-4 right in Sutton in an exhibition tilt. True, Sutton lacked the presence of Leon Smith and had Dusty Pivnick in goal and was also without Bill "Bouncer" Burkholder, but the presence of these two would hardly have made the difference. Joe Peat, if you can believe it, was on the scoring sheet for the Machinery team and you know that the sturdy but dangerous Peat seldom goes up past centre. The critics, who have seen the two games, just can't make up their minds whether the Vets have anything on the Hoffman team or vice versa. There can be no doubt the mercantiles are justly entitled to O.H.A. rating and that Father McCabe, the team coach, is deserving of an orchid or two for his excellent coaching job. The boys are solidly behind him and he's just as solidly behind his boys.

George Haskett, mastermind of the mercantile setup, says that Billy Hewitt has definitely said the Metropolitan mercantile circuit will be entitled to send its winner into the O.H.A. play-downs. George has been in touch with the voice of the O.H.A. in recent days and the resulting news has brought cheer to the many supporters of the bargain price circuit. The tip is out to watch Langstaff Combines, who are strengthening their team, but the Langstaff team is the one squad not entered in the O.H.A. end of the mercantile setup.

Richmond Hill, under the leadership of Norman Moore, are bound to be contenders before the season is over. The team, sponsored by the North York Vets association of the village, is almost entirely made up of ex-service men and they didn't have their full team out when Hoffman's took them 7-3 last week in their first start of the season. Pat Patten, Norm Mabley, Tubby Barrow, Wyck and Mills are some of the lads with the Hill team.

After a bad start the mercantiles are settling down to play better hockey and before the year is out some real contests will be played.

Alex. Bell, sports-minded Aurora service station operator, has offered a dollar for the three stars picked for each home game played by Aurora juniors. Our thanks to George Haskett for taking over for us last week and his choices won the approval of the fans. Club officials would rather see the money go towards a stick or other equipment for the Aurora club and a change may result.

Eric Smith, Aurora, with Dougie Moore, Victoria Square, must be rated on their performances as the top two netminders in the O.H.A. junior group. Smith is older than Moore, who is but 15 this season, and definitely appears headed for big things before he hangs his skates up for good. The rivalry between these two smart little custodians should be worth the two bits admission price alone.

Howard Forgie, clever young centre player of Markham junior B teams of other years who was a member of the Victoria Square team when they trounced Markham 17-4, has been barred from playing with Ike Harper's team by the O.H.A. Young Forgie, who resides right in Markham, was released by coach Doug James to play junior B with Scarborough Rangers. Howard played a couple of games with the Rangers and then was hired away to the Square team. James protested and the O.H.A. upheld his protests. Forgie must either play B or play in C with Markham juniors. The latter, an all-homebrew team, or at least from Armadale, Unionville, Highland Creek and Brimham, all small near-by centres, is practically eliminated but Doug James is to be congratulated on its game showing and he will have a real contender next season. Victoria Square may spring a few more players tonight.

We notice the addition of Russ Forfar and Ray Fox in recent days. Neither boy lives in North York, if we recall rightly. Fox, we think, played for Richmond Hill and Forfar performed for Markham in B company last year. There is, of course, no reason to stop these boys playing, providing they live outside the city limits. Victoria Square has the necessary quota of homebrew players required by the O.H.A. ruling of this season.

Gordy Brown, president of the Markham intermediate club, told us the other night that a well-known life insurance company of which Gordy is a representative is prepared to donate a trophy for the winning team in the local O.H.A. group and also to banquet the winners. The plan is being worked out now and will be announced soon.

From the mail bag comes an interesting clipping. One of our readers spotted this in the Orillia News-Letter and passed it on to us. What is an amateur? is the title of the article and it reads aptly enough as follows: "An amateur is a player with a club which isn't making enough money to pay its help or some one else to take the profits for his efforts." That's a fair definition.

How to stop Markham Millionaires is the subject of another epistle received. The letter eulogized the smart passing plays of the Millionaires and suggests that the Markham team has not been subjected to enough bumping. While the team has plenty of high class regulars, it lacks reserve strength and an injury such as the one that happened to George Scott, former Aurora junior defenceman who suffered a broken vertebrae in his back at Sutton West would hurt. Scott is confined to his home, stretched out on a board. It is a costly blow to the Markies.

"If they want to stop Markham, there is only one sure way to do it," sez Mr. "X". "The Newmarket Vets should immediately sign on influence as coach. He'll

make the Markham boys as weak-kneed as Vitamin Flint-heart and then we can bring Dick Tracy in after the season is over. At the rate things are going in the comics, that is about when he'll crack down on influence once and for all. Yes sir, if the Markham boys are to be stopped, it'll need a bit of voodoo, telepathy and hypnotism all rolled up into one. Tell "Cecars" and "Molly" we won't charge for our advice and that goes for "Elbows" Pringle at Sutton, too."

Speed skating seems headed for a big revival throughout Ontario this winter and some races might well be arranged at Aurora and Newmarket. It is interesting to recall that Cliff Graham, sponsor of the Schomberg Blues who won the South Simcoe girls' softball honors, in his day was one of Canada's greatest speed-skaters and can probably still show a thing or two to the younger generation.

St. Mary's Anglican Men's club, which is staging a carnival at Richmond Hill on Wednesday, Jan. 23, has come up with a feature attraction. A trophy and handsome prizes have been put up for the best pair of skaters (male and female) in North York. Post entries will be accepted. It should attract a wide list of entrants and what a headache for the judges!

Les Beazer, former operator of both Aurora and Newmarket arenas, has what will may be Canada's largest outdoor arena in operation at Toronto Maple Leaf stadium and the weather has been in his favor. Ample dressing room space is available and street car service to the door makes it a fair sort of proposition.

Uxbridge is currently leading the Ontario bush league, which features eight teams and is drawing big houses. The name is purely for convenience, for from the Stouffville district come such well known names as Ken Laushway, Bill and Wally Nicholson, Whitely Williams, Kiek Palsey and Blondie Todd who performed for Ballantrae last winter and Bob Timbers and George Rummy, former Stouffville juniors. Quite a few of the lads who played with Zephyr and Ballantrae at Aurora last winter can be seen in action in the league, which is bigger and better than in prewar years.

A 10-page program features the home games of the Markham club. It is a credit to the immediate circuit and produced some 'good returns to the club. That it costs plenty of money to run a hockey club can be attested to by every club playing this season. We doubt if, despite the fact that some of them got three-figure donations to start the season, any of the O.H.A. clubs, or Hoffman's either, are in the blue ink. An injury like the one to Markham's George Scott bears out this contention to the core.

Richmond Hill juveniles, having no opposition in the juvenile C series locally, have been grouped with Beaches Lions and Bell A.C. teams from Toronto who are in the A series. The Toronto teams are playing with the chips down while the Hill goes along for the ride. Jack Atkinson was in the Hill line-up in its opener. Jack can play three games in juvenile this year but definitely will finish the season with Aurora juniors.

## SAVE ELECTRICITY!

### Acute Shortage Continues in Southern Ontario

With the critical shortage of power continuing in Southern Ontario, it is most necessary that everyone co-operate in saving electricity. The need is urgent. It affects the welfare of everyone. Do your part by saving electricity by every means at your command.

**THE DAILY PERIOD DURING WHICH SAVINGS SHOULD BE EFFECTED IS BETWEEN 8 A.M. AND 8 P.M., AND CONDITIONS ARE PARTICULARLY ACUTE BETWEEN 4 P.M. AND 7 P.M.**

### HERE ARE SOME OF THE WAYS YOU CAN HELP

#### IN THE HOME

Turn off lights when not required.  
Use the minimum number of lights in the living-room, consistent with good vision.  
Use electrically heated water sparingly and check leaking hot water taps.  
Do not use range elements on "high" when a lower heat will serve, and turn off all elements as soon as possible.  
Cook oven meals as often as possible and avoid the unnecessary use of surface elements.  
Turn off verandah and other outside lights.  
Turn off all small appliances as soon as possible.  
Do not use electric air heaters and grates.

#### IN STORES AND OFFICES

Eliminate the use of electricity for signs and store windows from 8 a.m. to 8 p.m.  
Turn off all lights when not required.  
Use electrically heated water sparingly and check leaking hot water taps.  
Do not use electric air heaters.

#### IN INDUSTRIES

Switch from day to night operations wherever practicable.  
Turn off factory and office lights when not needed.  
Turn off motor-driven machines when not required and effect other savings wherever possible.  
Avoid the use of all non-essential outdoor lighting.  
Do not use electric space heaters.

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

### AND STEADILY MOVING FORWARD

At the first annual meeting of our company our first president said: "The directors are much gratified with the share they have had in extending to many of their fellow subjects the comforting protection of life insurance."

Many thousands of Canadians joined our great family of policyholders in 1946. Life Insurance business in force, excluding annuities, now exceeds one billion dollars. This includes more than 100 million dollars of new business, other than annuities, paid for in 1946.

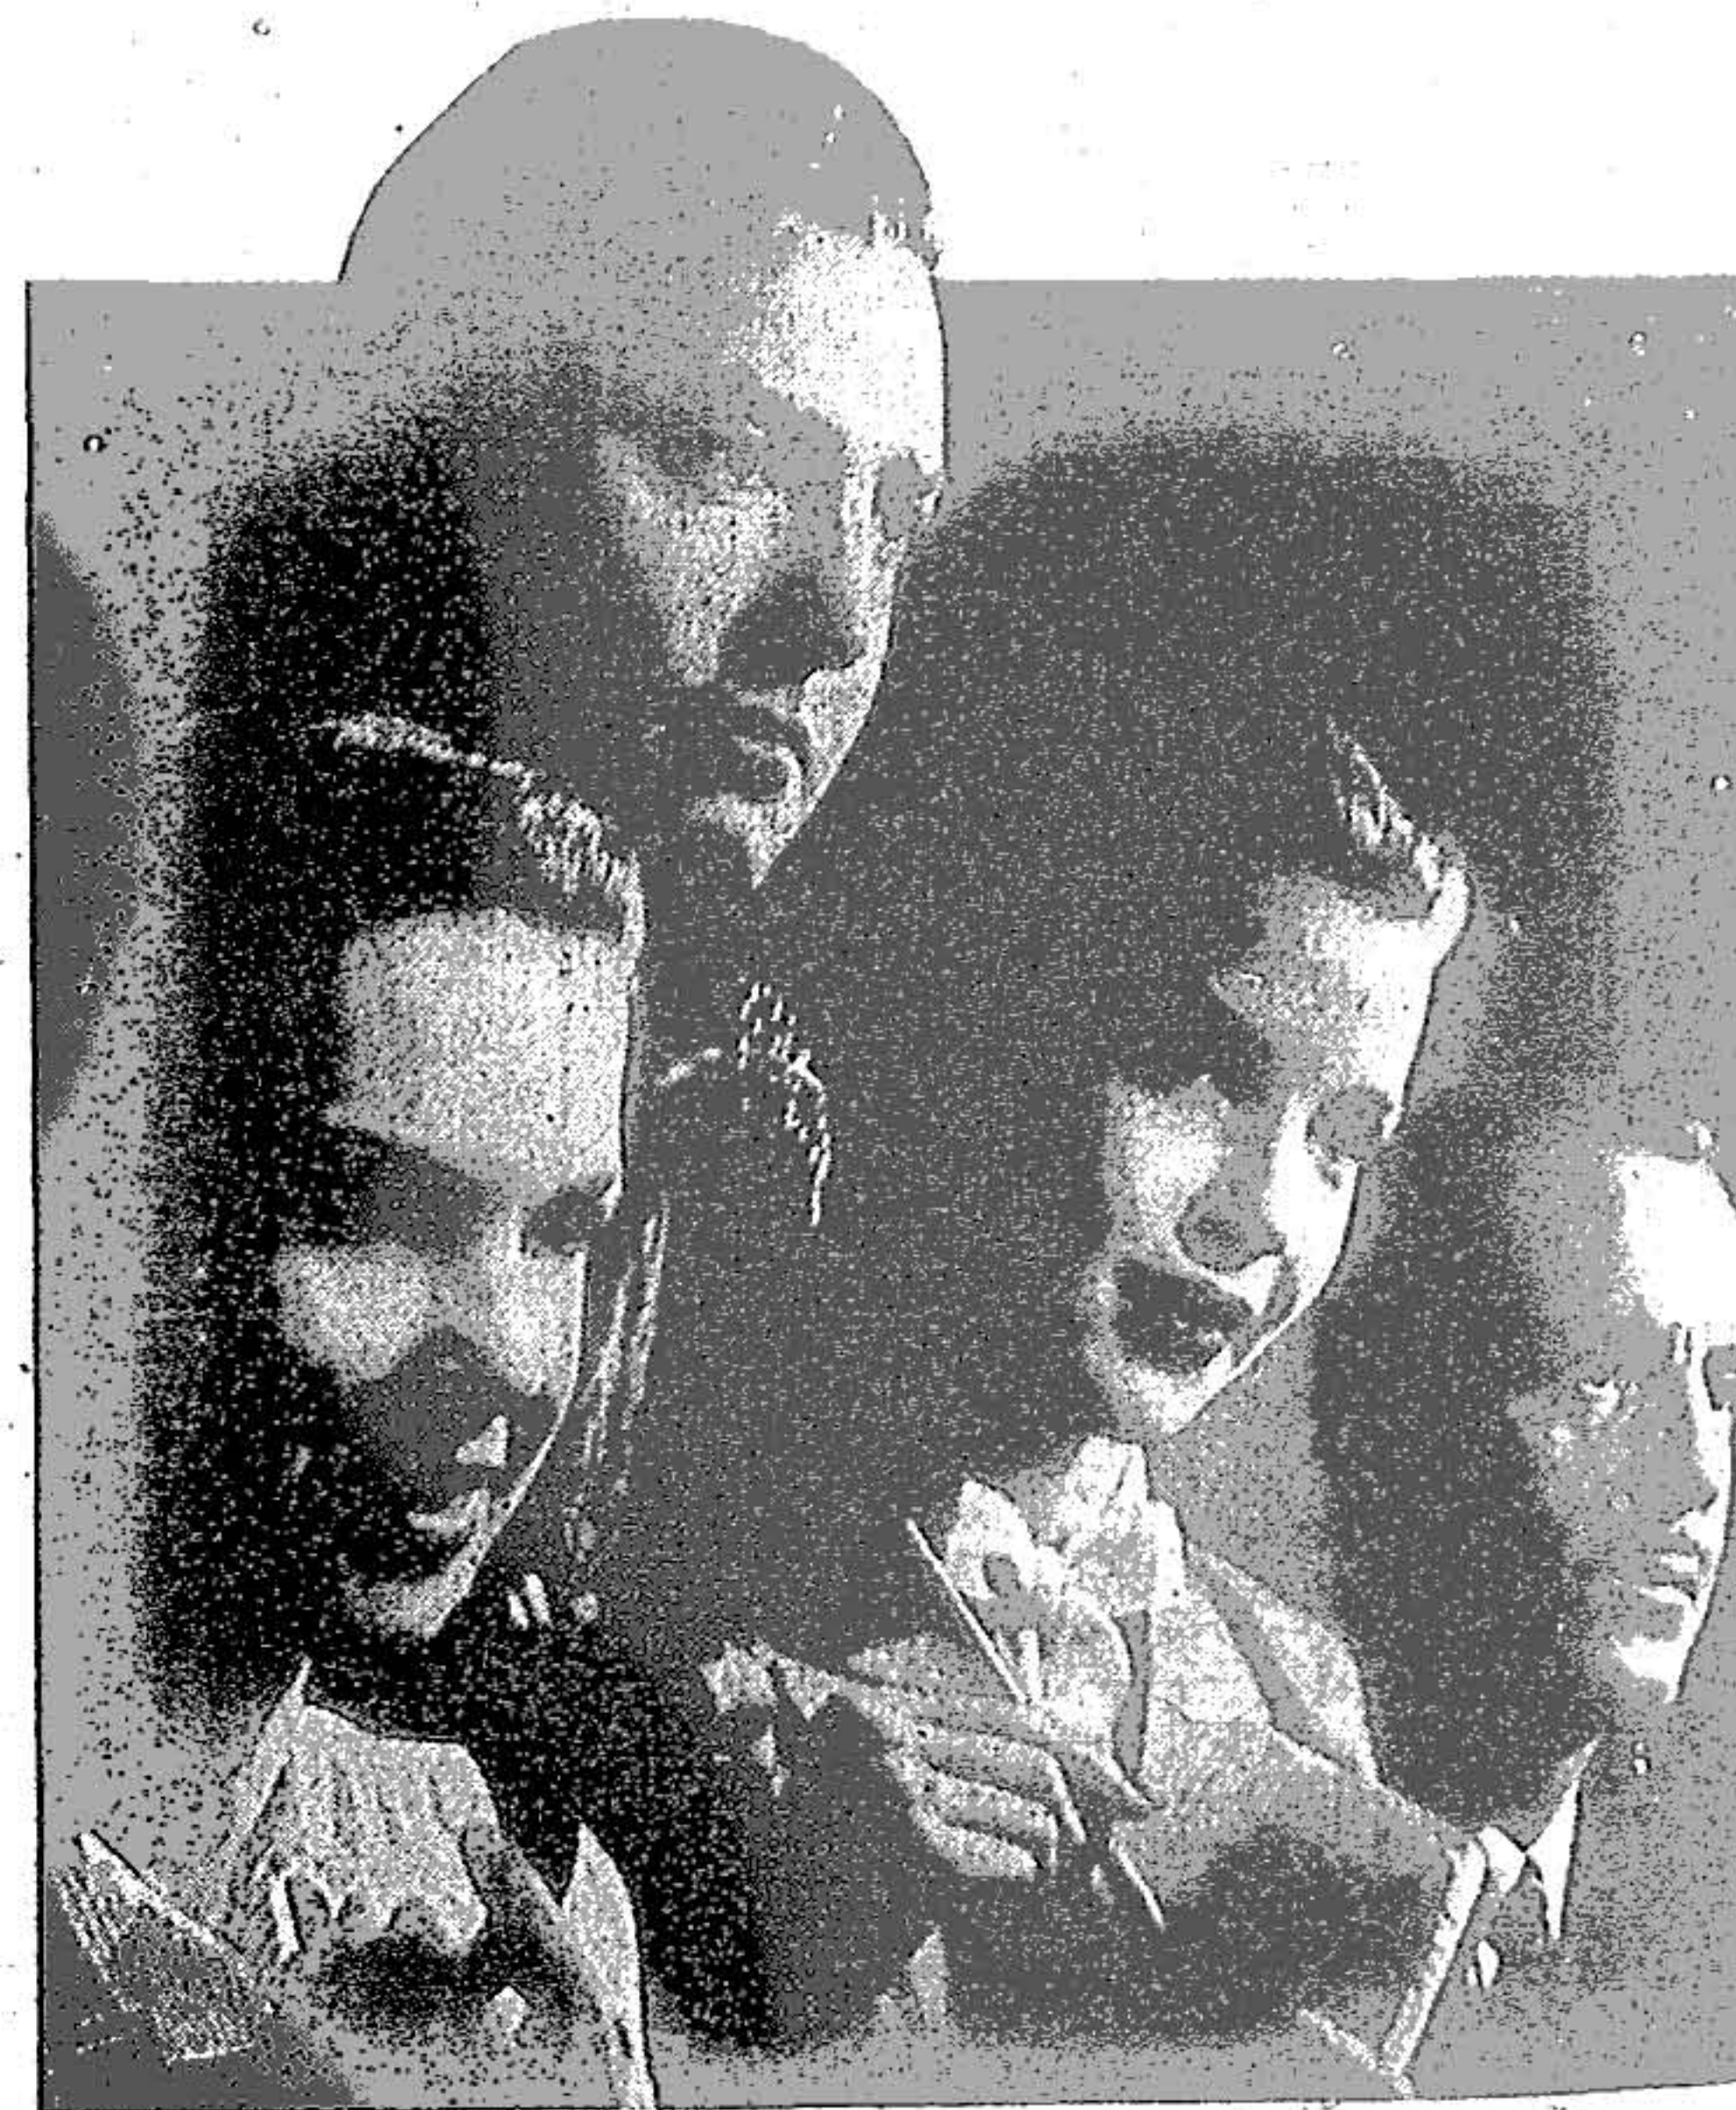

Payments in 1946 amounted to almost 25 million dollars of

which more than 62 per cent was paid to living policyholders. To ensure the payment of those amounts which the company has contracted to disburse in the future, the company's assets have increased to nearly 350 million dollars in investments of the highest quality.

Our company, founded 20 years before Canada itself came into being, has progressed consistently with the growth of the Dominion, and we look forward to the next century with the expectation of still greater accomplishments.

## MAGISTRATE'S COURT 20 RECEIVE SUMMONSES FOR LACKING LICENSES

Twenty people were summoned to appear in magistrate's court on Friday on charges of failing to obtain radio licenses. All but four pleaded guilty out of court and were fined \$3 and costs. Magistrate W. E. McEwen presided.

Of the four who appeared in court one produced proof of having purchased a license prior to the date when the charge was laid, while another produced proof that she was not the owner of the radio. The other two were convicted and fined \$3 and costs each.

Alex. A. Emmett, charged with failure to file income tax returns for the years 1940, 1942, 1943, and 1944, was remanded for a week when unable to appear because of illness in the family.

Peter Stevenson entered a \$200 bond binding a youth to keep the peace for a period of one year. The youth was convicted last week of assaulting Ivan Bal-

ley. Stevenson, also convicted last week of assaulting Bailey, paid a \$10 fine after refusing to enter a bond for himself.

Caroline McEwen was placed on probation for a period of one week on a charge of assaulting Lillian Sampson.

Charges of fraud and of theft were withdrawn against Garfield Fifth when the plaintiff, S. H. Bolton, testified that restitution had been made and requested withdrawal of the charge.

## BELHAVEN

On Monday afternoon, Jan. 13, an oratorical contest was held in which three of the North Gwillimbury public schools took part, Keswick (teacher, Mrs. V. H. Atchison), Belhaven (Miss Myrtle Stiles), and Base Line (Mrs. Ben Johnson).

Mr. Gleason Rigler, teacher of music in the public schools, was present and his class of 27 contributed several numbers, including O Holy Night.

Miss Rosalyn VanNorman's class from Keswick also contributed to the program, all of which was extremely interesting. The competitors displayed real talent and Harold Knights, Belhaven, was chosen as the first prizewinner.

The hall was well filled and every one seemed to enjoy the afternoon's performances, which were varied. Mr. Willie King, deputy-rec-eeve, distributed the prizes. Each and every competitor received a cash prize. The judges were from Sutton West.

The sideroads are open for public travel as of January 14. The people of this community welcome to our neighborhood our new neighbors, Mr. and Mrs. Kidd and family, who have moved into the farm home recently vacated by Mr. Ross Deavitt.

Belhaven is enjoying the annual January thaw at present. Mr. and Mrs. Ivan Mann spent a week in Toronto with their children during the Christmas holidays.

Mrs. Isaac Morton returned home from the hospital recently. Best wishes are extended to her.

## WORTH KEEPING

The sugar-bowl may be empty, but they don't throw it away. It's a dandy thing for keeping tickets in for the milkman.

Yes, you recognize it as a foolish question. But equally absurd is the question "How can I get my doctor's prescriptions filled?" The obvious answer is that if you can't get your doctor's prescriptions filled, you can't get your doctor's prescriptions filled. The obvious answer is that if you can't get your doctor's prescriptions filled, you can't get your doctor's prescriptions filled.

...the only food for him, and millions like him, in war-ravaged China

This old peasant, his farm devastated by the Japanese, is too weak to work. His diet for months has been grass and roots.

Of China's people, 83 per cent. are farmers. Millions are in urgent need of food, clothes, medical supplies. UNRRA's work is ending; voluntary agencies must carry on. Canada must do her share. Will YOU help? China, a good neighbor and customer, will not forget.

THREE DOTS

(Continued from Page 1)  
father? He disappeared, didn't wait to give the bride away! After the ceremony the bridal party again formed up and crossed in front of the stage to the east stage door and were disappearing up the steps when "Aunt Effie" came running after them, waving her old umbrella and calling to them to wait for her. Aunt Effie was the rich old aunt who insisted on going on the honeymoon with the bride and groom.

The married couple had a letter from the groom's friend, Major Miller, offering them the apartment in a New York hotel for two weeks, saying he would be away. The young couple arrived in the apartment but Aunt Effie is afraid of elevators and insists on walking up the 12 flights and when she finally arrives she sure is out of breath. Then things begin to happen. If I tell you all that happens I'll only spoil the play for those of you who will want to see it to-night and that would not do at all. You will want to see it worked out for yourself.

Then Bessie Tobias, the invalid, gets into the apartment. She was carrying a tall, lighted candle and was wearing an old-fashioned nightgown with her hair braided and tied with red ribbons and wearing bedroom slippers. I must not say too much but I want to say how well each took his part and I want to also say how splendid was the arrangement of the scenery. The hotel housekeeper and the bell boy were perfect while Jerk O'Hara, the hotel detective, handled things up generally and acted his part well. Aunt Effie disappeared behind the moving fireplace and that let loose all the mystery. Ruby, the nurse, was forever chasing after her patient, Bessie Tobias, and when the supposed friend of Major Miller, Dolores DeOro, a mysterious foreigner, took the bride and groom out to a night club, the plot began to thicken, involving Lena, the niece of the housekeeper. Lena, quite a small niece by the way, was very proud of her first aid knowledge. When Polly, the bride, also disappears, Peter, the bridegroom, gets pretty well worked up, as you can imagine, and Bessie Tobias, still in her nightgown and with the tall lighted candle, creates a heap of fun.

KESWICK

William Prosser Dies, Shock To Many Friends

The funeral of the late William Till Prosser, whose sudden death was a shock to his many friends, was held on Saturday, Jan. 18, at his Keswick home, "Elmhurst."

Mr. Prosser had been in excellent health and busy with his duties each day as head of the Good Roads Commission for this section. He had been a pollbearer at the funeral of Mrs. H. Prosser on the afternoon of his death.

Mr. Prosser was the son of the late Mr. and Mrs. John Prosser and husband of Lois Isabelle Raitton, who predeceased him about two years ago. Born and brought up in North Gwillimbury, he was well known, especially for his hospitality. He leaves one daughter, Joy (Mrs. B. W. Johnston), and a son, Rev. Gordon Prosser, Chesley.

His daughter-in-law, Mrs. Merlin Prosser, and granddaughter, Marion (Mrs. Tom Finch), Syracuse, N.Y., were here for the funeral.

There were many flowers, among them wreaths from Chesley United church, Keswick United church, Hon. W. P. Mullock, his sister, Mrs. Greaves, Newmarket, Dr. and Mrs. Evans, a nephew, and many more. Rev. Gordon Lapp had charge of the large funeral. Interment was in Queensville. He leaves eight grandchildren and two great-grandchildren.

Mr. and Mrs. Clarence Wright, Queensville, were Sunday guests of Mr. and Mrs. James Wright.

Mrs. Gordon McEachern and son, Ronnie, are visiting Mrs. McEachern's parents, Mr. and Mrs. Robert Hamilton, for a week. Ronnie, who recently suffered a fractured skull while sleigh-riding, is improving.

Quite a number of people accompanied the Keswick midgits to Bradford on Friday night. The local team was defeated 4-1. Jack Gable took the team and spectators in the school bus and everyone enjoyed the ride.

After the midgit game, the group stayed to see Aurora and Bradford junior O.H.A. teams play. It was a good fast game, and Aurora won 4-2.

A group of teachers from Sutton, North and East Gwillimbury, met in Keswick school Tuesday evening, Jan. 14. Miss Harper of East Gwillimbury gave a talk on teaching children to collect and appreciate poems, and illustrated her remarks by showing several booklets made by her pupils.

Miss Sproston, also of East Gwillimbury, gave a demonstration of paper cutting of snowflakes, flowers, and stars.

Mr. O. M. McKillop introduced Mr. Howitt, an inspector, whose address was an inspiration and gave the teachers much to think about. A social half-hour was enjoyed over a cup of coffee and sandwiches.

The sudden death of Ryan Switzer on Sunday night has also been a shock to the community. The funeral was held in the United church on Wednesday afternoon.

Competing in the annual public speaking contest for the public schools of the township on January 13, Hugh Sinclair, Keswick school, placed third. His subject was Wonders of Science.

Eleanor Clements of the same school was fifth among the nine contestants with her speech, The Story of a Pearl.

Winner of the contest, held at Belhaven hall with Inspector McKillop as chairman, was Harold Knights, Belhaven school, speaking on Choosing a Career. Second place went to Carol McNeill, Base Line school, who spoke on Canada's Greatest Asset.

Under the direction of their teacher, Miss Roslyn VanNorman, pupils of Keswick junior room gave choral reading selections. The other Keswick contribution to the program was a duet by Dan and Doug Peters.

Officers of the Woman's Missionary Society, Keswick United church, for 1947 are: hon. pres., Miss Joy Marritt; pres., Miss Eva Gilroy; first vice pres., Mrs. F. F. Marritt; second vice pres., Mrs. P. F. Winch; sr. sec., Mrs. P. W. Mahoney; treas., Mrs. Geo. White; pianist, Mrs. Harold Pollard; missionary monthly secretary, Mrs. Jas. Cole; mission band sec., Miss Doreen Niles; baby band sec., Mrs. Leslie Morton; Victor Home sec., Miss Gilroy; literature sec., Mrs. H. Pollard; supply committee, Mrs. Jas. Cole (convenor), Mrs. J. E. Baines, Mrs. O. Huntley, Mrs. W. Holborn, Mrs. J. Retter, Mrs. T. M. Niles; associate helpers, Mrs. O. M. King, Mrs. Jas. Clark, Mrs. Milford Rye, Mrs. Erwin Winch; friendship committee, Mrs. D. McGenerty, Mrs. I. Walden, Mrs. C. Grant, Mrs. P. J. Cole; temperance sec., Mrs. E. Wilder; auditors, Mrs. Mahoney and Mrs. F. Peel; program committee, Mrs. J. Winch, Mrs. G. Lapp and Mrs. G. Carr.

Keswick's midgit team in the O.M.H.A. lost in Bradford on January 17 by a score of 4-1. Keswick boys found themselves playing against a former team mate, Bud Thompson, son of Mr. and Mrs. Freeman Thompson, who now lives near Bradford. A bus load of Keswick fans

SERVING AURORA AND DISTRICT

WITH S.A.C. 46 YEARS, 'DR. MAC' LEAVES POST

On Friday, Dr. D. Bruce McDonald, former headmaster of St. Andrew's College and chairman of the board of governors of the college since 1939, retired from his association with the school after 46 years of service. "Dr. Mac," who is now close to 75, became associated in 1900 with the then small boys' preparatory school in Toronto, when he was 27 years of age. St. Andrew's was then six months old, and during his association with the school it has come to be one of the best known boys' schools in North America, with students coming from all parts of the British Empire, Hawaii and South America as well as across Canada.

In 1900, the school was located on Chesnut Drive in Toronto, then it was moved in 1905 to Rosedale where it remained until 1918. Largely through Dr. McDonald's influence, the school site was picked at Aurora and until it was opened in 1920, the boys were housed in old Knox College. As a teacher and headmaster, Dr. McDonald came to be beloved by hundreds of graduates of the school. He was a specialist in classics and greatly encouraged athletics at the school, but character of the boys was more important to him than mere academic honors.

Dr. McDonald has been succeeded as chairman of the board by James S. Duncan of Toronto, president of Massey-Harris Ltd.

NEW BASKETBALL TEAM IS MADE UP OF GRADS

Aurora has a new basketball team looking for fresh words to conquer. All former Aurora high school players, the basketballers will be known as Cousins Cagers. Archie Cousins of Cousins Dairy has donated \$25 to the team which will sport maroon satin pants and blue jerseys bearing the team name. Games will be staged against Aurora high school and the school teams from St. Andrew's College, Pickering, Richmond Hill, Newmarket and any other organizations that can form district opposition.

Among the players who will be coveting on the court for the new group will be Doug Nisbet, Bill and Charlie Williams, Earl Rose, Hugh Cousins, Pete King, Charlie Seath, Bill Kerr, Walter Bunn, Bill Gilkes, Howard Patrick and Eric Smith.

MAPLE HILL

Mrs. Woodward, Toronto, is visiting Mrs. Thompson for a few days.

Miss M. Moore spent the weekend at her home at Richmond Hill.

There was a splendid attendance at church and Sunday-school on Sunday. Rev. Graham Reeve preached a sermon on "The Storms of Life and How to Meet Them."

Next Sunday will be promotion Sunday in the Sunday-school. There will also be a children's choir for the church service.

The Dorcas Society met at Mrs. Ed. Payne's home this week. A prayer meeting was held at her home on Wednesday night.

It has been decided to hold a missionary prayer meeting the first Wednesday of each month, when a returned missionary will outline his work to the people.

ANSNORVELD

Several of the marsh growers plan to attend the annual Fruit and Vegetable Growers' Convention in Toronto.

Mr. and Mrs. S. Winter are visiting relatives in the U.S.A. for a few days.

made the trip. In the Sutton church league, where Keswick has teams in both midgit and bantam sections, the midgit team lost 4-1 to Queensville on Saturday, Jan. 18. Two Sutton teams, Rangers and Bruins, make this a four-team section. Both Keswick and Bruins had previously defeated Rangers. There will be two church league games at Sutton arena on Friday night, Jan. 24, and again on Saturday afternoon. Keswick and Queensville folks should come along and encourage the boys. Keswick Women's Association of the United church was represented at the annual convention for all the W.A.'s of Toronto Centre Presbytery by its president, Mrs. W. A. Davidson, and also by Mesdames O. Huntley, G. White, G. Lapp, P. Mahoney, G. Harper and J. Winch. This convention was in Trinity United church, Toronto.

AURORA, ONTARIO, THURSDAY, JANUARY 23RD, 1947

SINGLE COPIES, 5 CENTS EACH

WITH S.A.C. 46 Juniors Still Unbeaten After Meeting Bradford

Aurora Lions junior hockey team maintained its unbeaten record on Friday night as it invaded Bradford and edged out the Celery King juniors 4-2 in a hard fought and exciting contest. The host set the stage for the big contest against the also unbeaten and league leaders of the group sextet from Victoria Square, who will be seen here tonight.

Aurora had an edge in the first two frames, but Bradford was in the driver's seat in the last stanza and Eric Smith was called on to brilliantly save his team on more than one occasion.

Aurora got the lone counter of the first period as Ronnie Simmonds took Jack Atkinson's pass in close, and coolly picked the corner after he had forced Tuppington to make the first move. Billy Attridge of Aurora drew the only penalty meted out by referee Jimmy Grainger of Richmond Hill.

In the second period Bill Mundell converted Tommy Brodie's rink-wide pass into paydirt, and Bradford was lucky to only hold the Aurora team to one goal as Bill Boychoff, Mike Wannaker and Ben Collings drew penalties, while Aurora stayed at full strength.

In the third period, Jack Andrews scored the clincher as he took Mundell's pass out at the blueline and blazed one home with Boychoff in the hogsgow. Brinkos drew a penalty and Aurora pressed again. Bradford, however, was making things hot, and finally with both Patrick and Mundell thumbed-off the Celery Kings rapped home two fast goals. Red Bauman netted the first Bradford goal as he took Boychoff's pass and the latter ended a great night's performance for the homesters by scoring a nice goal. With Bradford pressing hard and Smith kicking them out as the minutes slid to the end of the period, Tommy Brodie and Ron Simmonds combined on a breakaway with Simmonds getting the goal that ended the Bradford hopes.

A crowd of around 600 was on hand and two bus loads from Aurora accompanied the team to encourage the local youngsters with plenty of vocal support. Smith, Atkinson and Simmonds were the three stars for Aurora, with Boychoff, Bauman and Wannaker playing great games for the losers.

Aurora: goal, Smith; def., Doohittle and Atkinson; forwards, Brodie, Simmonds, Mundell; subs, Patrick, Attridge, Nigh, Andrews, McGhee, Davis, Neal.

Bradford: goal, Tuppington; def., Brinkos and Boychoff; forwards, Coates, Wannaker, Bauman; subs, Giffin, Fuller, Walker, Harvey, Collings, Kuhla, McEvoy.

Legion Groupings Changed With Aurora In District E

A new re-organization of the districts and zones in the Ontario command, Canadian Legion, B.E. S.L., finds the North York branches included in the new shuffle.

Aurora, Newmarket, Richmond Hill, Woodbridge and King are now in district E, zone 2. The new district commander is Col. G. M. Fitzgerald of Orangeville, while Bert Phelps of Richmond Hill remains as zone commander. The local branches were formerly in district C under the command of Gordon Thompson of Kitchener. Added to the zone are the new branches to be formed at Markham and Stouffville, and the Bradford branch which will be revived. The district includes Legion branches from Halton, Peel, York, outside Toronto and suburbs, Simcoe and Dufferin counties.

Mount Albert and Sutton West branches, which were formerly in the same district and zone as the other branches, are transferred to district F under the command of George Gimblett of Peterborough. The zone to which they have been allocated is FI, and included in this zone under the jurisdiction of Frank Thredgold of Whitby are branches from Ajax, Bowmanville, Oshawa, Port Perry, Sunderland, Uxbridge and Whitby.

Zone sports activities for the district Legion branches include cribbage, hockey basketball, volleyball, euchre, bridge and checkers. The cribbage tournaments have each branch declaring their own champions with the branch team competing against other branches, and the grand playdown slated for Newmarket in April. Hockey, volleyball and basketball will be one-night tournaments. Euchre, bridge and checkers will be decided the same as cribbage.

An installing team from the zone will conduct ceremonies at all branches and the team is composed of zone commander Bert Phelps, John Simman and T. A. M. Hulst, Aurora; K. M. R. Stiver, Newmarket; and L. P. Bryant, Woodbridge.

James Andrew Jamieson Dies Suddenly At Home

The death occurred suddenly at his late residence, lot 26, con. 5, King, of James Andrew "Jim" Jamieson, a resident of the Kettleby district for over 60 years. Mr. Jamieson was born in Huron county, but moved to King township with his parents as a small boy. He was for some years a trustee of the school section, and had farmed all his life. He had been in poor health for some years, but his death came unexpectedly. The funeral service on Saturday was conducted by the Rev. F. V. Abbott and by Rev. C. E. Cragg. Pallbearers were Ross and Fred. Walton, Alfred Bayliss, Douglas Wellesley and Harold and Gordon Jamieson of Bronte.

Mr. Jamieson is survived by his widow, the former Mabel Watson, two daughters, Mrs. Alfred Bayliss (Dorothy), and Mrs. Douglas Wellesley (Gladys), and one son, Randolph.

BRIGADE CALLED

The Aurora fire brigade was called to extinguish an automobile fire outside the town limits on Saturday afternoon. The firemen arrived in time to limit the damage to a negligible amount.

NAME DEVINS CHAIRMAN OF A.P.S. BOARD

Dr. C. J. Devins was re-elected chairman of the Aurora public school board for the 28th consecutive term at the inaugural meeting of the board held on Monday evening.

Committees struck with the first named trustee as chairman were: property, Herbert Stocks, Hugh McEae, John Hudson; finance, Hugh McEae, Herb. Stocks, Charles Dodson; fuel, John Hudson, Chas. Dodson, Mrs. Robert Hodgkinson; health and sanitation, Mrs. Robert Hodgkinson, John Hudson, Hugh McEae; education and library, Charles Dodson, Mrs. Robert Hodgkinson, Herbert Stocks; cadet and sports, Dr. C. J. Devins, Herbert Stocks, Hugh McEae.

Principal John G. McDonald, who has been on the sick list since November, was appointed supervising principal until the end of June. Delroy Babcock was named acting principal for the same period of time.

Two appointments were made by the board. Mrs. George Baldwin was re-appointed to the Aurora public library board, and Frank R. Underhill was renamed to the high school board.

SENIOR HILL CAGERS TROUNCE AURORA BOYS

Richmond Hill high and Aurora basketball teams broke even in the opening games of the North York secondary school circuit on Monday afternoon. The more experienced Hill senior team, sparked by the great play of Barry Collard, Jim Moore and Billy Neal, took a one-sided decision over Aurora seniors. Mickey McNaught, Jackie Monkman and Dave Urquhart played strong games for Aurora.

The junior game was Aurora's all the way, with the ace Aurora forward trio of Kyle, McDonald and Scott being too fast for the opposition. McDonald was top scorer for both teams. Jack Andrews played a fine game at guard. Reycraft and Stevenson were the best for the visitors.

The Aurora teams lined up as follows: senior, Urquhart, Lee, C. McNaught, Mundell, Hollingsworth, Monkman, Hooper, Bahrey, Murray, Juniors, Andrews, Linton, C. Kyle, Scott, McDonald, Ussher, Barrager, Doherty, Barker.

Dick Mather, Pickering College, handled the whistle in both games.

Masonic Lodge Branch Installs Its Officers

Officers of Aurora Royal Arch chapter, Masonic Lodge, were installed to office on Friday evening by Ex. Comp. Sydney Davies and a team of past principals. Among the distinguished visitors were V. Ex. Comp. George Varty, of Occident chapter, Toronto. A turkey supper preceded the ceremonies.

Officers installed were, Z. Ex. Comp., Norman F. Johnson; P.P. Ex. Comp., Lyall Sparks; second Principal, Robert Cain; third Principal, George Wilkinson; P.S., Clinton Spencer; S.S., Dr. G. A. C. Guntton; J.S., Wilbert Jennings; S.E. Ex. Comp., Herbert Stocks; S.N.V. Ex. Comp., J. H. Knowles; Treas. Ex. Comp., Sydney Davies; D. of C. Dr. J. L. Urquhart; O.G., Arwood Cairns; Fourth Veil, Norman Mathew; Third Veil, Thomas Newton; Second Veil, Hugh McEae; First Veil, Charles Dodson; auditors, Ex. Comp. Wilfred Adams, Ex. Comp. Frank Underhill.

WIN EXHIBITION TILT

St. Andrew's College prep-school juniors on Friday afternoon defeated Richmond Hill juniors 31-5 in an exhibition basketball game at the Hill.

Council Re-Affirms Decision To Have Free Skating Sunday

No change will be made in the present system of free skating at Aurora arena on Sunday afternoon, the Aurora town council decided on Monday night after discussing the matter at length with the clergy of Aurora and hearing the views of laymen. The special meeting, presided over by Mayor Ross Linton, lasted over 90 minutes.

Rev. A. R. Park, in introducing Rev. E. C. Moddle who presented the brief of the Aurora Ministerial Association, said the ministers were grateful for the opportunity of meeting council promptly and presenting their views. "No one of us is desirous of any unpleasantness or unnecessary delay in understanding each other," he said. "At a meeting of the ministers this afternoon, excepting Rev. Hirtle (Presbyterian), who is in accord with our views, we formulated a statement which very well covers our thoughts and points and expresses our feelings in the matter."

Rev. E. C. Moddle read the statement which, after thanking council for the opportunity of presenting the brief, was as follows: "We wish to say further that we believe your action in the case before us was motivated by a sincere desire to make your town a happy place for the children as well as to meet a growing problem in our modern world."

"We are aware of the dangers that can arise when young people have many leisure hours on their hands with nothing particular to do, it opens the way for both good and bad behaviour. However, we represent some strong convictions, both of ourselves and many of our people, and we feel that this issue is one on which we as ministers of the Gospel can not and dare not stand by in silence. We feel that in this question a principle is involved which effects or may effect other matters in the future. In presenting our case we would like to repeat our former statement namely:

"That some Sunday-schools are still carried on during the hours that the rink is opened, a matter we feel should have been considered. Secondly: that the ministers of the town who have the moral and spiritual interests of all at heart and who have been consulted on other matters in the past and given their hearty cooperation to the movements sponsored by council, were given no opportunity to express their opinion at this time on a matter directly affecting their work."

"Third: that we have very grave fears as to where this action may lead in similar issues, namely, that it may be the thin edge of the wedge for further encroachments on the Lord's Day and its being maintained as a day of rest and worship."

"To this we would like to add our hopes that council will be ready to give further consideration to the larger question, which is a very real and vital one, that of the open Sunday which seems to be steadily forcing itself upon us throughout the country and if not stemmed may lose for us, or destroy this sacred day."

"It is not our desire to force your hands in this or any other matters but rather that you should see our point of view and grant us the courtesy of being taken into your confidence on these things that have a direct bearing on the work we are called to do in town. Our aim is to be given the privilege of co-operating with you gentlemen in the best interests and the total good of our fellow citizens of Aurora."

"May we assure you that we are not unmindful of the responsibility you bear to all the people in this question a principle is involved which effects or may effect other matters in the future. In presenting our case we would like to repeat our former statement namely:

SOCIAL AND PERSONAL

PHONE AURORA 151

Sgt. and Mrs. Bert MacGirr, Clinton, spent the weekend with Mr. and Mrs. W. H. MacGirr.

Mr. Thomas Bates, Churchill, former Aurora resident, spent several days in town last week. Mr. Bates expects to leave for the U.S.A. for a visit this month.

Mr. Douglas Egan, Georgetown, spent the weekend with his family.

Mr. and Mrs. Dugald McDonald, Toronto, spent Saturday with Mr. and Mrs. J. G. McDonald.

Miss Constance Brodie, University of Toronto, spent the weekend with her parents, Mr. and Mrs. Alfred Brodie.

Mr. and Mrs. Robert Hillis, Brampton, spent the weekend with Mr. and Mrs. William Traviss.

RESIGNS POST

Mrs. Melba England has resigned as director of music in the Aurora public and high schools, because of home duties. A successor is being sought by the boards. Mrs. England, who came to Aurora last fall, had done a splendid job with the school children, and her resignation was accepted with reluctance.

HOLDS SMOKER

On Friday, Jan. 31, Aurora branch 385, Canadian Legion, is holding a smoker for members and veterans only in the armory. The branch cribbage tournament will start in both singles and doubles on that night, and members intending to enter the tournament are requested to be in attendance.

DROP TWO GAMES

Aurora high school North York secondary schools hockey teams went down to defeat at the hands of Richmond Hill high school last week at the Hill. The senior team lost out 5-1 and the junior team was outscored 2-1 in two hard-fought games. The senior line-up for Aurora was goal, Keith Kyle; def., Gerry Barker, Mike vanNostrand; C., Bill Mundell; wings, Ron Simmonds, Bill Attridge; alternates, Jack Andrews, Basil Baber, Jim Cook, John King, Bill Wilkinson.

HEADS STUDENT COUNCIL

Leslie Bracken, grandson of national Progressive Conservative leader John Bracken, is president of the Oak Ridges public school student council. Other councillors are Irene Gango, Bill McCachen and Bob Patchell.

RECOMMENDS RINK

Aurora Branch 385, Canadian Legion, has recommended to council the establishment of an open air rink in the town park. The Legion members have volunteered to aid in the construction of the rink and in proper supervision. They have requested the rink to provide skating for the smaller children in safe surroundings. On Monday, after hearing T. A. M. Hulst, the Legion spokesman, council referred the matter to the sports and publicity committee to report the conditions expected to the Legion. They approved the plan.

HOLD EUCHE

Elma Rebekah Lodge held a successful euchre in the I.O.O.F. hall on Monday evening. Prize-winners were, ladies, Mrs. Hugh Richards, Mrs. D. Miller, Newmarket; gents, Roy McDonald, Mrs. Fred White. The lucky draw prize went to Mrs. Charles Burling, Newmarket.

## McCaffrey's Flowers

Intelligent care of cut flowers will prolong your enjoyment of their beauty for many days. An even, cool, moist temperature agrees with them just as with plants. Avoid strong sunlight and drafts. In case you wish your cut flowers to have a long and happy life do not cram them tightly into a small-mouthed vase as they will die from lack of water.

## COUNCIL REAFFIRMS

(Continued From Aurora Page) of this town and also that we desire to support you in that task as far as we may be able.

"May we thank you again for giving us the opportunity of bringing to your attention a matter of sincere concern to us as we seek to foresee possible future trends in a direction that we feel will not be in the best interests of all our people."

Mayor Linton said he thought he voiced the general opinion of the council members in hoping for co-operation. He felt that it would have been preferable to have received the letter of protest first before it was published in the press. Tracing the history of the free skating idea, he said it had been considered and approved in committee but had been left over by the 1936 council until the new council was elected. It had been brought up at nomination meeting, which was open to the public and the press, and the clergy might well have known what was going on at that time.

"Sunday is a free afternoon for a large part of the town and a great many young people have nothing to do," he said. "They go skating, skating on the ponds or hang around restaurants and downtown. We thought we were doing right in opening the rink where parents can go with their children. I definitely believe council as a whole is opposed to organized Sunday sport, but is just as definitely in favor of supervision on Sunday in the rink or park. If playground equipment is put in the park, how will you keep the youngsters out on Sundays? We don't propose to break Sunday or make it an open day. The majority of us feel as strong about Sunday as you do. There is no thought of breaking up any of the churches. It may be a sore spot because we advertised the skating, but it was generally known. In anything that does come up as long as I am mayor, the only course that I can take is that anything effecting the churches or Sunday observances will be by way of notice of motion. If you read the council minutes you'll be informed." He pointed out crowds of from 300 to 500 were attending the skating and children were not going alone.

Councillor Thomas Swindle said he had been raised to strictly observe the Sabbath as a boy. After he had married and moved to another community he was surprised to see the better class of people who made special efforts to observe certain Sun-

days throughout the year after attending church "doing everything they didn't have time to do the other days of the week." When he came to Aurora, it was the same thing. "The feeling of disrespect for the Lord's Day is due largely to the poor example set by the church people themselves," he said. The question of whether or not skating was right or wrong on Sunday had not entered the picture so far as council was concerned, he declared. By opening the arena, council had felt it was "doing something to keep the people out of mischief and trouble and I'm convinced that's what is happening."

There was supervision at the rink and he had visited it, he said. "I was pleased with what I saw," he said. "I saw young people enjoying good, clean, wholesome recreation, well supervised. Whereas on other Sundays they would be wandering around with no supervision." "I congratulate Mr. Swindle on his remarks. I am 100 percent of the same," commented Councillor Stewart Patrick.

Rev. A. R. Park, Rev. R. K. Perdue, Rev. Roy Hicks, Rev. H. S. Warren, Rev. E. C. Moddle, Capt. E. Stevens, Rev. Leonard Copeland were the clergy in attendance and the first five named addressed council at varying lengths.

Rev. R. K. Perdue said that while all the clergy did not see eye to eye on all points, the brief presented a joint opinion. Whether or not Sunday skating was right or wrong was quite a minor thing as against goodwill and charity between the clergy, the council and public. Personally, he saw no particular harm in skating on Sunday considering all that went on, but he did think council had not been well advised in not advising the ministers and those churches effected by the hours. There was no point now in changing hours. Assurance should be given that there were to be no further encroachments on Sunday and that when matters affecting the clergy were to be discussed, the ministerial group should be advised.

Rev. H. S. Warren, representative of the Lord's Day Alliance in Aurora, said the spirit of the organization was tolerance. "It is the desire of the Alliance that the parents should plan the whole day, it should be a day of delight and not one of gloom. If the parents of our town would make Sunday a home day, a day of worship primarily, the entire and total personality could be changed." Assurance was needed that there would be no further encroachments on the Lord's Day, especially in the summer months, he said. He had observed in Quebec as a minister how difficult it was to carry on religious observances after noon hour when the open Sunday prevailed.

Councillor Crawford Rose said there never had been any suggestion of organized Sunday sports or professional sports. Nor was any gate admission charged. Sunday hockey practices had been turned down in committee. "We don't want any of that on Sunday," he said.

Reeve C. E. Sparks told of visiting the arena and seeing many adults unable to join with their families in recreation during the week enjoying themselves. The churches and Sunday-schools which held morning services had not suffered in attendance, if anything it was greater, he was advised. The evening services were of course not affected.

Rev. A. R. Park said he was not a kill-joy but he was strongly opposed to Sunday skating. The prestige of the churches in the community was bound to suffer, he declared. He cited the example of countries where

there had been a laxity of spiritual things. They had fallen by the wayside, he said. It was quite clear by the Scriptures what should be done by Christians and he said he was disturbed that council should give the matter its official sanction. The work of the church might well be nullified and weakened, he added. It had been difficult enough for many of the churches to carry on their work without invasion of the sanctity of Sunday, he concluded.

Leslie Benzer, as a parent and father of five children, thought there was no reason the churches and Sunday recreation such as free skating could not work together. He did not think it was altogether the fault of the parents that children had no program on Sunday. It was hard to plan a full day and parents were doing their best, he said. The churches might be able to arrange a Sunday program that would appeal to the youth, he suggested.

Rev. E. C. Moddle said he was opposed to the Sunday skating. He pointed out, however, that governments and councils could only go as far as public opinion would allow them to go and that the clergy could only give leadership and must have the full support of their congregations in whatever they undertook. What was happening in Aurora influenced to a large degree the attitude of people adjoining town. He hoped council might see some way to meet the request of the delegation.

E. H. Clarke said he understood the problem confronting council and the clergy alike. He saw cause to believe that from such discussions might well come a lot of good. There was much to be done in Aurora that needed frank discussion.

## In Memoriam

Classic—in fond and loving memory of our dear father, William Clark, who passed away January 24, 1945, to be with Jesus.

One by one they go before us. They are fading like the dew. But we know they're watching over us.

They're good, the fair, the true. They are waiting for us only. Where no pain can ever near. Dear one who left us lonely. Watch us through the gates afar. There a father, there a mother. Done within those gates ajar. Lovingly remembered by daughters Mary and Eva.

Clark—in ever loving memory of a dear granddad, William Clark, who passed away January 24, 1945.

You are gone but not forgotten. And as dawn's another year. In our lonely hours of thinking. Thoughts of you are always near.

Ever remembered by all your grandchildren.

Curtis—in loving memory of Effie Curtis who passed away on January 23, 1946.

Those whom we love go out of sight.

But never out of mind. They are cherished in the hearts of those they left behind. Lovingly remembered by her husband and children.

Gibson—in loving memory of a wife and mother, May Gibson, who passed away January 22, 1945.

We who loved you sadly miss you. As it dawns another year. In our lonely hours of thinking. Thoughts of you are ever near. Ever remembered by husband, Amy and Joe.

LaPlante—in loving memory of a dear sister, Muriel Hoare LaPlante, who with her baby daughter passed away January 23, 1946.

"Thy will be done" seems hard to say. When one we loved has passed away. Some day, perhaps, we'll understand. When we meet again in that better land. Ever remembered by Gerry and Harold.

LaPlante—in loving memory of a dear sister and daughter, Muriel Rose LaPlante, who passed away January 23, 1946.

We mourn for her in silence; No eyes can see us weep. But many a silent tear is shed. While others are asleep. Ever remembered by mother and family.

Malr—in loving memory of a dear father and husband, Archie Malr, who passed away suddenly January 23, 1944.

Time speeds on, three years have passed. Since death its gloom, its shadows cast. Within our home where all seemed bright.

It took from us a shining light. We miss that light and ever will; His vacant place there is none can fill. Down here we mourn, but not in vain. For up in Heaven we will meet again. Sadly missed but ever remembered by wife and family.

McGhee—in loving memory of our dear brother, Allan McGhee, who passed away suddenly January 19, 1946.

The month of January is here again. To us the saddest of the year. For it was on the 19th day. Our dear brother was called away.

To think that we could not say goodbye; It will always bring regret. But the hearts that loved him best of all.

Are the hearts that won't forget. "Thy will be done," seems hard to say. When one we loved has passed away.

Some day, perhaps, we'll understand. When we meet again in that better land. Sadly missed and fondly remembered by Jack and Annie and family.

Wrightman—in fond and loving memory of our dear sister, Gladys Clark Wrightman, who passed away January 28, 1938, to be with Jesus.

She has gone across the river To the shores of evergreen And we long to see her dear face. But the river flows between. Some day, some time our eyes shall see Her face we loved so well. Some day we'll clasp her loving hands And never say farewell. Lovingly remembered by sisters, Mary and Eva.
